**www.novapack.lv**

NovaPack specializes in paper and cardboard products for confectionary and food industries, and can supply you with anything from paper doilies and baking cases to consumer-packed baking moulds, all according to your specific needs. Our clients are supermarkets, bakeries, patisseries, hotels, restaurants and fast food companies.

NovaPack packaging is successfully sold on the market of Baltic countries, and is also delivered to other EU and CIS countries.

Why to use NovaPack innovative paper package?

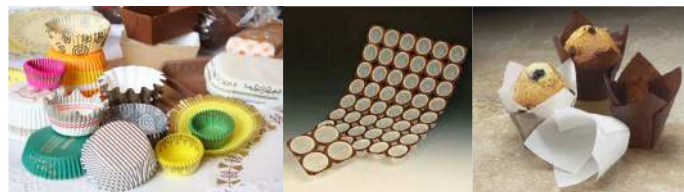

There is a string of technological, economical and ecological advantages of using paper and carton baking forms.

The main advantage is the reduction of technological chain, because it is not necessary to oil and clean forms, moreover, the time of baking and refrigeration is decreased. The producer can produce and sell the ready-made product in the same form, which can serve also as product package. The consumer to warm over the product in the same form.

The wide production assortment and innovative design ensures the excellent look of the product.

We are ready to answer all questions and offer products, which will maximally satisfy exactly your production needs.

**Using:** 🍷- presentation; 🍳- baking; ❄️- freezing; 🍲- microwave.

## GREASEPROOF PAPER

Our Greaseproof paper is chiefly used in cooking and baking where it simplifies the work of chefs and bakers worldwide while improving levels of hygiene. Baking cups are a well-know product produced from our paper.

The properties of the paper make it suitable for all kinds of environments, from hot ovens to deep freezers Greaseproof paper also forms a barrier in countless types af packaging with high demands on fat resistance.

The unique barrier properties of our paper are achieved by mechanical preparation of the pulp. No chemical additives are used, only natural raw materials in combination with an extensive knowledge of papermaking.

## BROWN BAKING MOULDS WITH GOLD PRINT (+ 200°C)

## BROWN BAKING MOULDS WITH GOLD PRINT (+ 200°C)

Technical data. Made of special and/or microwave corrugated paper, they are non-deformable and heat-resistant up to 200°C. They do not need to be removed. They are printed with chemically-treated food inks in order to withstand heat and alcohol. Their bottom is made transpiring by the clearance holes which eliminate humidity in excess. Uses:

**BAKE-WELL® TRAYS / BAKE&TAKE® TRAYS (+ 220°C)  
(BEIGE, COLORED, LOGO PRINT)**

Bake-Well® / Bake & Take® trays are baking trays, transport packaging and POS packaging in one tray. The trays offer a great variety in shapes and sizes and offer great savings as regards to cleaning and re-packing.

The Bake-Well® / Bake & Take® trays are made out of lightweight corrugated and are approved according to FDA and BfR. They can be used in conventional as well as microwave ovens, up to maximum 220°C. For sticky products we offer special liners.

For maximum attraction at your point of sale Bake-Well® / Bake & Take® trays are available in a great variety of shapes and sizes and can be printed up to 5 colours.

**BAKE-WELL® TRAYS / BAKE&TAKE® TRAYS (+ 220°C)  
(BEIGE, COLORED, LOGO PRINT)**

**SNACK-WELL® (+ 220°C)  
(BEIGE, COLORED, LOGO PRINT)**

Hamburgers, Pizza, French Fries and Sandwiches are well protected and presented with our Snack-Well® packaging. Whatever delicacy you want to pack our concepts give you flexibility in shapes and sizes.

Due to the insulating property of our corrugated packaging, hot dishes remain warm over a longer period. For Microwave usage we offer special liners that keep your product crispy. All our applications can be printed up to 5 colours for maximum exposure.

**SNACK-WELL® (+ 220°C)  
(BEIGE, COLORED, LOGO PRINT)**

**LOCK-WELL® (+ 220°C)  
(BEIGE, COLORED, LOGO PRINT)**

In cooperation with Schut Systems, NovaPack develops an unique material / machine packaging concept for the food industry.

The concept consists of a flat die cut sheet of ultra light-weight corrugated paper, which is converted with a special carton erector into a ready-to-use tray. This tray is both suitable for packaging of biscuits, sweets, chocolates, salted snacks a.s.o. and for the preparation and bake-off of ovenable products.

**WELL-CLASSIC LINERS  
(BEIGE, COLORED, LOGO PRINT)**

Well-Classic lightweight corrugated is the optimal solution to pack biscuits and chocolates. The liners can be delivered in a great variety of greaseproof liners dedicated to your application.

Well-Classic lightweight corrugated is supplied either single faced or double faced in a wide range of flute types. We offer tailor made solutions in reels, sheets, die-cuts, sleeves and trays.

## N.T.S. MUFFINS TRAYS (+ 200°C)

NTS is a multibaking cup system and requires both lower baking time and lower baking temperatures than metal pans. The result is increased production with saving of energy.

## UNDER CAKE BOARDS

## UNDER CAKE BOARDS APOLLO

"Apollo" is an under cake board manufactured in gold laminated cardboard with an elegant lace border.

The bottom of the under cake board is also strengthened with a thicker board and has been embossed to make the surface less slippery.

The gold lace under cake board has many advantages:

- Improves the presentation of the pastry
- Manufactured in materials that are recyclable and suitable for baking
- Greaseproof and water resistant
- Very stable which provides a high degree of functionality
- Usable also in low temperatures
- Available with name-print
